

EC CERTIFICATE OF CONFORMITY 0334 -DPC-1005

Decision N° 1005/12-1 of July 19th, 2012

In application of the 89/106/CEE Directive of 21-12-88 regarding the reconciliation of Member State legislation on Construction Products (Construction Product Directive - CPD) and the 93/68/CEE amendment of 22-07-93, it has been adjudicated that construction:

- Tense ceilings were made on the sites of Griesheim and Sierentz in flexible sheets(leaves) of PVC in the ranges Satiny, matt, lacquered, Special (Metallic, translucent, Matt effect paints, Organic pruf).
- Ceiling CLIMACLICK were adapted to the systems of air conditioning in the ranges Matt, satiny, lacquered, Special (Metallic, translucent, Matt effect paints, Organic pruf).

products manufactured by :

EXTENZO ADVANCED FRENCH CEILING S.A.S.
4, route de Pfulgriesheim
67 370 GRIESHEIM SUR SOUFFEL

have been subjected by the manufacturer to factory production tests and complementary trials carried out on selected samples in the factory according to the prescribed trial plan and without sampling and that the notified organisation - ASQUAL - carried out the initial trials for the appropriate product characteristics, the initial factory inspection and the factory production inspection.

This certificate certifies that all provisions concerning the attestation of factory production inspection described in Appendix ZA of the standard

EN 14716:2004

have been applied and that the products prescribed demands.

This certificate was printed on **19 April 2007** for the first time and remains valid whilst the conditions established in the general technical specifications referenced or the factory production conditions or the factory production inspection itself are not substantially modified and this until **18 July 2013**.

In the event of a legal problem, the French version shall alone be deemed authentic.

Robert BIGUET
Director

Subject to verifications undertaken by ASQUAL and except withdrawal, suspension or modification. Supersedes any previous certificate.
